Hmm, the download isn't working. Maybe our software at home is too old!

OK, here it is. But, please don't spend a lot of time on this that you don't have.

Thanks.

You want to just send me your ppt. I'll just look at it on the call and browse funny pictures - or if you have ideas on funny images, let me know. Its amazing what you can get online!

Thanks Jenny, but you have so much on your plate already. How about if I share Marty's revisions with you? If you choose, you can add to it, but no pressure here.

Hey guys,

Do either of you know who could spruce up a CZARA power point presentation? Is there an intern or SEE who is good at this?

Alan
